Functional

Encounter The Beauty Of Concrete

Imagine a countertop that is beautiful enough to transform plain expanses into works of art, durable enough to withstand the test of time, and innovative enough to reflect any style. Imagine no longer. Bomanite concrete

countertops are the answer to your desires. As kitchen islands, dining tables, bar tops, or bathroom counters, custom concrete countertops by Bomanite create a dramatic, customized environment.

Imagine Strength And Versatility

The possibilities for creative expression with concrete are endless. Not only is concrete durable and strong, but it is the most versatile material available; it can be molded and shaped with great precision and delicacy. Concrete can be formed into both simple and complex shapes, based on your needs and design expectations.

Imagine Your Personal Style Reflected In Your Countertop

Concrete can be made to complement any style of décor. Unlike traditional countertop materials, Bomanite concrete countertops can be colored, polished, stamped, stained and

embedded with objects such as glass or rock. The surface can be colored and textured to make it look of timeworn tile, evoking the feel of old world charm. It can be colored, smoothed and polished, giving the illusion of elegant, sensuous stone or hand-carved marble. Or, left without color, the countertop can be ground and polished, revealing its raw beauty to harmonize with natural materials like wood, stone and brick.

Imagine Bomanite Concrete Countertops For Your Next Project

Experience handcrafted techniques to achieve a one-of-a-kind look that's right for your project. Concrete works well in any setting, from interior spaces to outdoor living areas, bringing your imagination to life. Our highly skilled and specially trained Bomanite Franchise Partners will work with you to create a countertop that performs as a functional, yet personal work of art. Call the licensed Bomanite Franchise Partner in your area today.
